Mr. Harry S. Truman
White House
Washington, D. C.

Dear Mr. President:

The progress which you have made in the field of civil rights for minority groups is unparalleled in our national history. It should be the desire of every thinking citizen that the program which you have initiated be carried to a satisfactory conclusion.

Could you advise me as to what is going to be the policy regarding segregation in military training for the for the young men who are going to be drafted in the near future? As a white veteran, I feel that something definite should be done about military segregation.

Very truly yours,

P. Clifton Reynolds
