Berlin Blockade  
Missed

My dear Mr. President:

Christianity - not  
force & fear - is the answer to  
Communism! We must in our  
international relations practice  
the "Golden Rule" with Russia.  
therefore we must open negotiations  
with Russia over the Berlin  
crisis! That is my demand! I  
can not allow my country to  
be Pagan as Russia is!

We are Pagans  
as long as we trust in Arms  
and not God! Repeal the  
Draft Law immediately is my  
urgent plea! Fear promulgated  
by our "money men who get rich  
off of war" is behind the draft  
law. The common man has  
the right to say if we want  
war or peace and we know  
Peace is the answer to "living  
the Golden Rule in our Politics"

↓ Our occupational  
forces must be withdrawn  
from all areas and use the  
money, as it should have been

"need from the beginning, in feeding the hungry & healing the sick" by Christian & social agencies. You know how easy resentments are made in a home!

How much more easy resentments can be made by our army men in Greece, Germany, China, Korea & other places. We have nothing to fear if we really practice the Golden Rule in Government issues.

It was not practicing the "Golden Rule" in forcing the peace-loving Greeks to accept a King - just because we wanted to protect our oil investments of Forrester & others in Government from Russia!

No Government official should drink liquor in a Christian nation!

The U.N. must be upheld & Russia must be a part for God loves the people there too. And has given the U.S. a chance to <sup>prove the</sup> power of Love, and not hate to them. We & Russia approved of the Veto; therefore we must keep it.

Our country has some fine Christian Leaders to lead us out into the Promise Land; such as, E. Stanley Jones, Vincent Norman Peale, Ralph W. Sockman and many more. God is always ready to guide our nation, if we take time to listen, as Chang Kai Shek does, and obey his guidance!

God grant "Our President" courage and understanding is my earnest prayer!

Very sincerely yours,

Elizabeth L. Roeder

P.S.

As our M. E. Bishop Kennedy said over the air Sunday United States need to ask God's forgiveness for our sins as well as Russia. As the Bible says we who are supposed to be a Christian nation are more to blame than a Pagan Russia.
