Tentative chronology of part played by scientists in decision to use the bomb against Japan

1. Early 1944
   "Everyone took for granted that the new bombs would be used in Europe if they were ready in time." (Compton, p. 231; for complete references see attached bibliography)

2. Early 1944
   The men on the metallurgical project beginning to think about the future of atomic energy. (Compton, p. 231)

3. Early 1944
   N.D. Rose presented A.H. Compton with an outline of major questions relating to future of atomic energy. (Compton, p. 232)

4. Summer, 1944
   At request of Metallurgical Project Council, the Jeffries Committee was appointed by Compton to study "postwar work on nucleons." (Compton, p. 232)

5. Autumn, 1944
   The Tolman Committee was appointed by Gen. Groves to look into future possibilities of atomic energy. Former background for much of work of Interim Committee in spring of 1945. (Compton, p. 232)

6. Nov. 10, 1944

7. Dec. 28, 1944
   Tolman Committee handed its report to Gen. Groves on future of atomic energy. (Compton, p. 233)

8. Early 1945
   Conversations between Groves and A.H. Compton on use of bomb. Groves brings to Stimson's attention the concern of scientists about immediate uses and long-term planning. (Compton, p. 233)

9. March, 1945
   Stilwell prepares memo for Roosevelt (Stilwell "namo")
10. April 1945 Compton appointed a committee of three men informed to consider “anticipated human, military and political consequences” of use of the bomb. Report of this committee was brought directly to Stimson (Compton and Daniels).

11. Spring 1945 Frank Committee at work. Referred to by Compton as “within our project, the subcommittee on social and political consequences headed by James Franck focused its attention on this problem of the use of bomb.” (Compton, p. 23)

12. Spring 1945 Stimson writes to the President and goes to Washington urging that the bomb not be used. (Compton, p. 241)

13. April 12, 1945 Stimson tells Truman briefly about new explosive after Truman is sworn into office. (Truman, p. 105)

14. April 13, 1945 Bymes gives Truman more details. “Later” Truman received a scientific account from Bush. (Truman, p. 105)

15. April 25, 1945 Stimson discusses with Truman the relation of the bomb to foreign policy and presents a memorandum discussing secrecy and international control. (Truman, pp. 85 and 87; Stimson & Bundy, 635ff)

16. April 1945 Appointment of Interim Committee by Truman “for recommending action to the executive and legislative branches.” (Stimson “Decision”)

17. May 26, 1945 Stimson presents his March memo (which had not reached Roosevelt before his death) to Byrnes in a personal interview at Spartanburg. (Stillard, “Memo”)

18. May 31, 1945 Interim Committee discusses use of bomb. 1st meeting. Possibility of non-military demonstration brought up; Scientific panel asked to prepare a report on this. (Compton, pp. 219, 234)

19. June 1, 1945 Interim Committee after consultations with Scientific Panel unanimously decided: 1) bomb should be used against Japan as soon as possible 2) dual target, military and other buildings 3) should be used without prior warning. (Stimson, “Decision”)
20. June 1, 1945
Conclusions of Int. Com. & Sc. Pan. brought to Truman by Stimson. (Truman, p. 419)
Ralph Bard later changed his views and dis- sented from recommendation No. 3 of the June 1st report. (Stimson, "Decision")

21. June, 1945
"Eventually, in June, 1945, the suggestions of these various subcommittees (of the Jeffries Committee) were collected into a combined report for the use of the Interim Committee and its successors." (Compton, p. 232)

22. About June 9, 1945
Scientific panel to Interim Committee (Lawrence, Fermi, Oppenheimer, and A. H. Compton) to prepare report on possible non-military demonstration. (Compton, p. 230)

23. June, 1945
Bearing that Truman was consulting Stimson about use of the bomb, Franck "and certain members of his committee hastened to draft their conclusions." (Compton, p. 235)

24. June 11, 1945
Franck report presented to Stimson; drawn up by committee of 3 physicists, 3 chemists, and 1 biologist; "dispatched to Washington" six days before explosion. (Editorial, Bull. Am. Sc., May, 1946; cf. Compton, p. 236)

25. June 11-16, 1945
Interim Committee and its scientific panel consider the Franck report (Stimson states, "The Interim Committee and the Scientific Panel also served as a channel through which suggestions of other scientists...were forwarded to me and to the President. Among the suggestions thus forwarded was one memorandum which questioned using the bomb at all against the enemy." Stimson, "Decision")

26. June 16, 1945
Scientific Panel reports to Interim Committee that they can propose no technical demonstration likely to end war and see no alternative to direct military use. (Stimson, "Decision")
27. 1945
Silard circulates petitions in Chicago; urges others to do so in Oak Ridge and Los Alamos, requesting that the atomic bomb should not be used in World War II.
(Compton, p. 241)

28. see below

30. July 2, 1945
Stimson sends memo to Truman discussing issue of strong warning to Japan of destruction if she does not surrender. Bomb not specifically mentioned 1) because of secrecy and 2) because not yet tested.
(Stimson "Declaration")

31. July 6, 1945
President's party, including Byrnes but not Stimson, leaves Washington for Potsdam
This and some of the following items are included as relevant because of the question of what key officials were in Washington to receive the opinions of scientists that were expressed after this date.

32. July 12, 1945
Fall taken at Met Lab at Chicago.
(Compton & Daniels)

33. July 15, 1945
Truman, Byrnes and others arrive in Berlin;
greeted by Stimson at airport. (Truman, p. 119; on date of Stimson's arrival cf. also #35).

34. July 16, 1945
Bomb successfully tested at Alamogordo.

35. July 16, 1945
News of test flashed to Truman at Potsdam
by Stimson. (Truman, p. 115; cf. Byrnes' statement, p. 286, that it took several days for decoding. Stimson & Bunky, II p. 617, says word of test was received at Potsdam on July 15th.)

36. July 17, 1945
Stimson flew to Potsdam and gave Truman full details of test (Truman, p. 115)

36-a July 17, 1945
Revised Silard petition—Silard says about 65 signatures.
Chronology -5-

37. July 17 to 24, 1945
Truman makes the decision to use the bomb against Japan when it is ready for delivery unless surrender has taken place. Truman does not date this decision exactly, but says as soon as he received details of test from Stimson on July 17th he called together chiefs of staff to review military strategy in light of successful test. (p. 415) Truman also says when he talked with Churchill he favored use of bomb (p. 419) Compton (p. 245) says that Truman later told him that it was at that meeting with the Joint Chiefs that he gave his "formal assent" to use of bomb.

38. July 17, 1945
As soon as Stimson arrived in Potsdam, (Truman here uses the date given in #36) Truman called in Byrnes, Leahy, Marshall, Gen. Arnold and Adm. King; they reviewed military strategy in light of the successful test. (Truman, pp. 419-21)

39. July 23, 1945
Col. Nicholas asks Compton at Oak Ridge for results of the poll at the Met. Lab. C wrote out a message summarizing the results of the "votes and petitions" as objectively as he could. An hour later Nicholas came back wanting to know what C. himself thought; gave opinion favoring use. (Compton, p. 245)

40. July 24, 1945
The War Department "was given orders" to instruct Gen. Spaatz that first bomb would be dropped as soon after August 3rd as weather permits, Truman told Stimson that order to Spaatz would stand unless Truman notified him of favorable Japanese reply. (Truman, pp. 420-21)

41. July 24, 1945
Truman tells Stalin of "new weapon of unusual destructive force." (Truman, p. 416)

42. July 26, 1945
Allies broadcast demand that Japan surrender or face destruction.

43. July 28, 1945
Framed of Japan rejects Potsdam ultimatum as unworthy of notice. (Stimson, "Decision"; Truman, p. 421)
4. between decision to use bomb and leaving Potsdam Truman authorizes statement to be released after first bomb is dropped. (Truman, pp. 122-23)

5. August 2, 1945 Truman leaves Potsdam; flies to England; home by ship. (Truman, pp. 405, 421, ff.)

6. August 3, 1945 1st day scheduled for dropping bomb, weather permitting. (Truman, p. 421.)

8. August 8, 1945 Molotov informed Amb. Harriman in Moscow that Russia would consider itself at war with Japan as of Aug. 9th. Truman received this news on August 8th and immediately announced it at press conference. (Truman, p. 425)

9. August 9, 1945 Nagasaki bombed. ("We gave the Japanese three days in which to make up their minds to surrender, and the bombing would have been held off another two days had weather permitted." Truman, p. 428)

10. August 10, 1945 Japanese offer surrender on Potsdam terms but with reservation about sovereignty of emperor. (Stimson, "Decision")
