MEMORANDUM FOR MR. CHARLES FAHY:

SUBJECT: Synopses of Testimony given before the Gillem Board

Following your request that the Army obtain from Brigadier General Aln D. Warnock (Ret.) any synopses of testimonies of the Gillem Board now in his possession, data supplied by General Warnock is attached hereto. He indicated that no formal minutes of meetings nor verbatim testimonies of the witnesses were taken, other than personal notes of the recorder, which were written up as synopses of witnesses' testimony.

You are reminded that such testimony of the witnesses was obtained in secrecy and with assurance that they could speak freely without their names and testimony being divulged to any source whatsoever. Consequently, identification of the witnesses and identifying statements have been removed from these documents. This in no way alters the meaning of the testimony. It is requested that you honor this commitment and that the testimony, in whole or in part, not be published, released, or otherwise disseminated. The testimony of the witnesses is in no manner binding nor does it necessarily reflect the opinion of the Gillem Board or the Department of the Army. Attention is further called to the classification of the attached papers.

It is requested that these papers be returned after they have served their purpose.
