Dear Mr. Browning:

The President's Committee on Equality of Treatment and Opportunity in the Armed Services will meet on Thursday and Friday, March 17 and 18, in Room 30769 of the Pentagon.

Mr. Fahy desires that the Committee give its principal attention in the forthcoming meeting to the following:

1. The present Army policy and practice which are based on the recommendations of the Gillen Board.

2. The memorandum of Secretary Royal to Secretary Forrestal, dated December 2, 1948, outlining a plan for an experimental non-segregated unit of some size.

3. The Air Force proposal for eliminating Negro units which was presented to the Committee in the January meeting.

4. The present policy and practice of the Coast Guard.

5. Further programming of Committee and Staff work.

Members of the Committee already have copies of the Gillen Board Report and the Army Circular No. 124, which is based on it; the Air Force Letter from General Vandenberg, together with the Implementation of the Air Force Letter, setting forth the proposed new Air Force policy; and the December 2 Memorandum of Secretary Royal. If you do not have copies of these documents, please notify this office and copies will be forwarded.
The following will meet with the Committee:

March 17 2:00 P.M. John J. McGlory and Davidson Sumner
March 18 9:30 A.M. Commodore Norman H. Leslie, Coast Guard

Mr. McGlory was formerly Assistant Secretary of War; Mr. Sumner was his
Executive. Both worked closely with the Gillem Board.

Major General Brooks will be available to answer questions on the
status of Secretary Royall's proposal for an experimental non-segregated
unit and Major General Nugent will be ready to supply further information
on the Air Force proposal.

Sincerely yours,

E.N. Emshurthy
Executive Secretary

Mr. Charles Browning,
The Chicago Defender
