DDO Directive 6102.30, Jan 13, 1979

By HH

[Handwritten note: Copy No. A-1]
A. CINCFE be authorized to send to Korea any military equipment recommended by U. S. mission to Korea (AMIK), regardless of current programs.

B. That U. S. military advisors remain with South Korean forces as long as they are with an effective combat unit.

C. To extend CINCFE's area of responsibility in this emergency to assume operational control of all U. S. military activities in Korea.

D. To employ forces from CINCFE's Command (principally Navy and Air) to establish protective zone to include the area Seoul Kimpo Air Base-Inchon for the purpose of assuring safe evacuation from Korea of U. S. nationals. Such action seeks, in addition, to gain time for reaction to political measures now before United Nations. (See State message to Muccio info to CINCFE).

E. In event Security Council UN calls on member nations to take direct action in Korea, to authorize and direct you to employ forces of your Command, plus units from Seventh Fleet, to stabilize the combat situation including if feasible the restoration of original boundaries at 36 degree parallel.

2. Above tentative considerations are forwarded for your info and as basis for planning.

3. The substance this message will be closely held and disseminated to minimum your staff planners.

Part two:

State Department has concurred in authorizing you to send survey group from your staff to South Korea at once to
