From JCS

1. The JCS consider it highly desirable to undertake mass air
operations against North Korean targets, the destruction of which will
assist your future operations, destroy industrial targets in North Korea
and reduce the North Korean ability to wage war in the future.

2. With these considerations in mind, the JCS have directed
CSAF to make available to you two additional medium bomb groups for a
period of thirty days. It is desired that all medium bomb groups be
employed in the destruction of military targets indicated in para 3
below. In directing these operations it is not the intent of the JCS
to preclude their emergency employment on other missions which in your
judgment are overriding.

3. Targets:

a. Pyongyang (2 ammunition plants, railroad shops and yards).

b. Koun (3 chemical plants).

c. Yosan (1 oil refinery, railroad shops and yards).

d. Najin (1 petroleum storage plant).

4. The JCS will furnish additional data on targets contributing
to the concept expressed in para 1. You are authorized to destroy similar-
type targets if info available to you indicates it is warranted. Neither
alternate targets north of 38 parallel as designated by you.
