President Harry S. Truman  
White House  
Washington, D. C.  

April 11, 1950

Dear Sir:

I am writing to register a protest against your action in releasing General Douglas MacArthur or his Command. I think it is an outrage and believe it benefits our Congress to do something about it. In fact, I have written them today telling them so.

May I suggest to you that General MacArthur probably has forgotten more about the Far East than those advising you in Washington have ever known. As a good American, I am ashamed of my President! Of course, I am not one of your followers - have never voted for you - and will never vote for you.

In my opinion you have committed the worst blunder of your Administration.

Very truly yours,

(Miss) Dorothy E. Weir
