MEMORANDUM FOR: COLONEL AMEN

SUBJECT : Location of Wisliczeny, a high Gestapo official.

1. Attached is copy of memorandum from Lt. Doman to Colonel Hollers, dated 27 September 1945, subject, "Location of Gestapo Official".

2. Since Wisliczeny appears to be one of the principal assistants of the fugitive Adolf Aichmann, it is very likely that if he can be apprehended, he can on interrogation supply valuable information which might possibly lead to the apprehension of Aichmann; and, at any rate, supply additional evidence on the persecution of the Jews. Accordingly, it is suggested that you take the necessary steps to apprehend and interrogate Wisliczeny.

MEMORANDUM TO COLONEL HOLLERS

Subject: Location of Gestapo Official.

1. A high Gestapo official, Wisliczeny, of Section IV B, one of the principal assistants of the fugitive Adolf Eichmann, is believed to be in hiding with his mother in Neu-Ulm. The information came to me through Dr. R. Kastner, one of the former Zionist leaders in Hungary, who, according to his own statement, was rescued by said Wisliczeny, in order to procure an alibi for himself in case this may be necessary. According to Kastner, Wisliczeny foresaw the defeat of Germany, and saved a few thousand Jews from deportation and extermination. At the same time he sent hundreds of thousands to the extermination camps in Poland. A letter was received recently from Neu-Ulm, by Kastner, written by the mother of Wisliczeny, telling him that they are in trouble and asking Kastner to come to Neu-Ulm to help them. Before the end of the war Wisliczeny asked Kastner whether he could call on him if he was in need of his help. Kastner turned this information over to us for whatever use we might make of it. It is suggested that efforts be made to pick up Wisliczeny, whose address is probably known by his mother. Street address is not in our possession. Wisliczeny is expecting a visit from either Kastner or somebody else in Switzerland, and the inquirers may pose as being the delegates of Kastner.
