MEMORANDUM FOR MR. JONES:

With further reference to our meeting of a few days ago with the representatives of the Point Four legislative committee, I have received word from Mr. Campbell that the National Council of Overseas Agencies in New York (or whatever it is called) has already prepared an analysis of what the organizations are doing in the general area of Point Four. Mr. Campbell says that he will send us a copy of this study.

The more I think about it the more I feel that the voluntary activities of these groups are one of the greatest resources that we have for making the Point Four idea effective, and I believe that we should try to work out a method of utilizing their enthusiasm, manpower and know-how. They may turn out to be the answer to the problem that Mr. Goodfriend posed so many months ago.
